

# VORTEX

Our VORTEX brushcutter has been designed to cut, grind and clear dense vegetation in agricultural, forest and industrial environments. It allows you to effectively maintain difficult terrains where conventional tools don't do enough.

## FEATURES

- Superior wear-resistant metal quality (HARDOX)
- Safe protection system
- High and versatile cutting capacity
- Robust and powerful chain cutting module

### Technical Specifications - VORTEX

Total machine weight (lbs)	1800
Cutting width	60"
Lateral extension (right-left)	72"
Minimum reach	95"
Maximum reach	175"
Cutting element	Chains
P.T.O (rpm)	540
Friction disc clutch	x
Working pressure (psi)	2300
Recommended tractor power (hp)	50 à 80
3-point hitch category	CAT 2
